Rise To Greatness

**English
Curriculum**

Overview

At Goosewell Primary Academy, we follow the programmes of study as set out in the 2014 National Curriculum to ensure that every child receives a comprehensive and well-rounded education in English. We recognise that the ability to read, write, and develop strong oracy skills is essential for every pupil's future success, not just in their academic journey throughout Goosewell but also in preparing them for future careers and as active contributors to society. Our high-quality English curriculum focuses on equipping students with these vital skills, ensuring they are well-prepared for the next stages of their learning and life beyond school.

Our English curriculum is structured around a thematic approach, where outcomes from reading, writing, and oracy are linked to wider curriculum projects. This approach allows children to see the connections between their learning in English and other subjects, making their education more meaningful and integrated. Throughout their time at our school, all children are encouraged and supported to Rise to Greatness in line with our school motto. This means we provide a learning environment where every child is motivated to reach their full potential and develop the skills they need to succeed.

Explore the English curriculum tabs on our website where you can find detailed information on how we teach reading, writing, spelling and handwriting. Your support in engaging with this information will help you better understand how we work together to provide the best educational experience for your child.
