

Following the strange circumstances of 2020 so far, we are pleased to announce that we are now taking bookings for some of our summer holiday sessions. We have really missed all of our families and can't wait to see you all back.

Due to the current pandemic, we are following strict social distancing government guidelines in order to keep our young people and staff safe. This means that our sessions are still subject to change so please do keep updated with our communications.

For the following projects, please book your place at www.bookwhen.com/routeways
