

“I became a volunteer for
Home Start when I retired.
Being a volunteer means I meet
people from different age groups
and social groups.
This contact makes me feel happier,
useful to my local community and
I’ve met some people who have
become long term friends.
It’s such a delight when their
children run up to greet me in the
street!”

“Volunteering with Home-Start
has given me access to fantastic training and the
opportunity to gain experience in an area I would
like to pursue as a career in the future.”

“I really enjoy supporting my family - it's so
rewarding to be able to help and support a
parent who is going through a tough time.”

BETTER TOGETHER

"I have found volunteering with Home Start to be one of the most rewarding things I have ever done. It is wonderful to feel that you have actually made a positive difference in someone else's life. I now feel that the mother I have been supporting is a friend, and, as with any friendship, it is two-way, and means as much to me as I hope the relationship means to her."
